

Servoclean NSC1603B

The Maxi is a full size professional janitorial trolley with plenty of storage space.

The standard specification comprises a full Structofoam base unit, twin full size trays and 10-litre pails. A choice of Nutex coated steel or stainless steel construction and single 120-litre or twin 70-litre waste systems.

The two standard mop kits provide a basic choice between twin 17-litre (JT5) or single 34-litre (JT4) buckets and the All-Mops Press operates with our full range of mop designs in either Kentucky, Flat or Microfibre styles.

Also available in stainless steel

1 x 120L

2 x 70L
